

The luxurious look of nature's own materials.

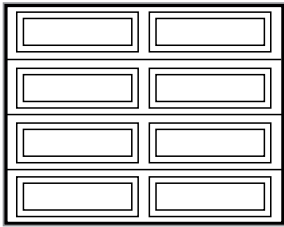

Accent your home with the beauty and richness of a Classic raised panel wood door. Our tradition of incomparable craftsmanship, blended with modern technology, provides the finest wood doors available.

DOOR CONSTRUCTION

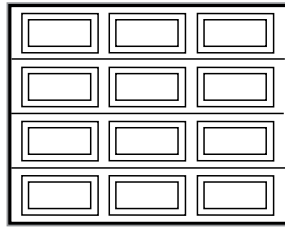

Workmanship and quality beyond comparison

- Each section is constructed of 1-3/8" wood rails and stiles.
- Carved top-section windows are available in a variety of designs.
- Model 314 has edge-glued cedar panels and finger-jointed hemlock rails (Solid cedar panel optional). Model 315 has edge-glued cedar panels and solid cedar rails. Model 316 has edge-glued hemlock panels with finger jointed hemlock rails and an option to upgrade to solid rails.
- Mortise and tenon joints are waterproof glued and steel-pinned, providing lasting strength.
- Shiplap style design creates a weathertight fit and enables smooth operation. The door also includes rust-resistant, hot-dipped galvanized steel tracks and hardware.
- The raised panels are a nominal 3/4" thick and locked into the structure.
- Panels can be carved in a variety of distinctive designs.
